FAMILY VALUES SALE

OCTOBER 22, 2016

Saturday at 6 p.m. • At Ridder Farms
Near Hermann, Missouri

SALE HOST:

The Dale Ridder Family
1585 Little Bay Road
Hermann, MO 65041
Derek (573) 680-4692 Cell
Ridder-Farms@hotmail.com
Dale (573) 680-4691 Cell

SALE DAY TELEPHONES:

Greg Hubert 785-672-7449
David Hobbs 913-515-1215
Or contact any of the sale consignors. (Telephone numbers listed with Lots.)

SALE MANAGER:

Greg Hubert
PO Box 37
Oakley, KS 67748
785-672-3195 (office)
785-672-7449 (cellular)
greghubert@st-tel.net

AUCTIONEER:

Jered Shipman 806-983-7226

CHAROLAIS JOURNAL REPRESENTATIVE:

David Hobbs 913-515-1215

SALE CONSULTANT:

Brett Sayre 573-881-1876
Parker Henley 573-821-1627
Jered Shipman 806-983-7226

DINNER:

A complimentary dinner will be served at 5:00 p.m. prior to the sale starting at 6 p.m.
Special thanks to Purina Feeds and their dealer R.B. Brandt and Son in Owensville, Mo., for helping provide the sale day dinner as well as providing the quality performance rations used by Ridder Farms.

TRUCKING & DELIVERY:

Please contact the Ridders, the sale consignors or the sale manager to assist you with trucking arrangements.

HEALTH:

All cattle will be accompanied by proper interstate health certificates. Veterinary services provided by Dr. Hunt Tainter, Franklin County Animal Medical Center, Washington, Mo.

CREDIT CARDS:

We will accept credit cards as a form of payment this year with a 2.75% service charge. Accepting Mastercard, Visa or American Express.

MOTELS:

Within 20 miles of Ridder Farms are several options for lodging:
Settle Inn 573-897-9903
Near Linn, Missouri (west of Ridder Farms on Hwy. 50)

Bed & Breakfast Lodging

Several bed & breakfast locations are north of Ridder Farms on Hwy. 19 in the Hermann, Missouri area.

VIDEO & PHOTOGRAPHY OF SALE CATTLE:

Be sure to watch for new pictures and videos of the Open Show Heifer Prospects near the sale date approximately October 10th, on the Ridder Farms website—www.RidderFarms.com or on the DVAuction website!

A special thanks to David Hobbs & Pearl's Pics for their picture and video work!

RETAINING RIGHT TO FLUSH:

Ridder Farms will retain the right to one successful flush on any Ridder open or bred heifer. The flush will be at Ridders' expense and at the buyer's convenience in the future. As they are selling the heart of both natural and ET heifers, Derek would like to retain this right as a way to rebuild on those genetics.

VITAFERM:

Ridder Farms is a VitaFerm Dealer, contact us for all your VitaFerm needs.

RIDDER FARMS INCENTIVE PROGRAM:

The Ridder Farms family has started a Junior Charolais incentive program. It will be based around FIVE Junior Shows which are Kansas City, Louisville, Denver, the Missouri State Fair and the AIJCA Junior Nationals. They will pay \$1,000 at each of those 5 shows to any junior that buys a Ridder Farms heifer and takes her to the Grand Champion banner! That \$1,000 will be paid out as \$500 in cash and \$500 as sale credit. They will give a \$500 sale credit if that Ridder Farms heifer is the Reserve Grand Champion of any of those 5 shows. The credit must be used within one year of the win on any Ridder Farms female sold at auction or private treaty. This incentive program is only good on Ridder Farms raised heifers.

On behalf of the Ridder Family and our guest consigners, welcome to Ridder Farms and the Family Values Sale! This will be the 6th installment of their annual sale and as always they are looking forward to hosting you and your family. We have changed up the date again to better fit the weather patterns and the deadlines for junior exhibitors to enter shows throughout the United States. We have also decided to move the sale starting time to 6 p.m.; so come early, stay late, stay in the area motels or bed and breakfasts in nearby Hermann and then load up Sunday morning to head home.

The last couple of years have been exciting times for Ridder Farms starting in the fall of 2014 with Bohannon's selection as the 46th National Champion Bull honors for them and their partners; Mid-Continent Farms, Dismukes Ranch & C & H Farms! Equally gratifying was the first Bohannon daughters entry into the show arena at this past summers AIJCA Junior National with 3 National Class Winners in the first few classes; the first TWO Division I and II Champions sired by him and all this anchored by the great RF Ms Stealth 557, shown by Whitney Leigh Walker that took her to the 4th Overall Champion Owned heifer out of 222 entries from 23 states!

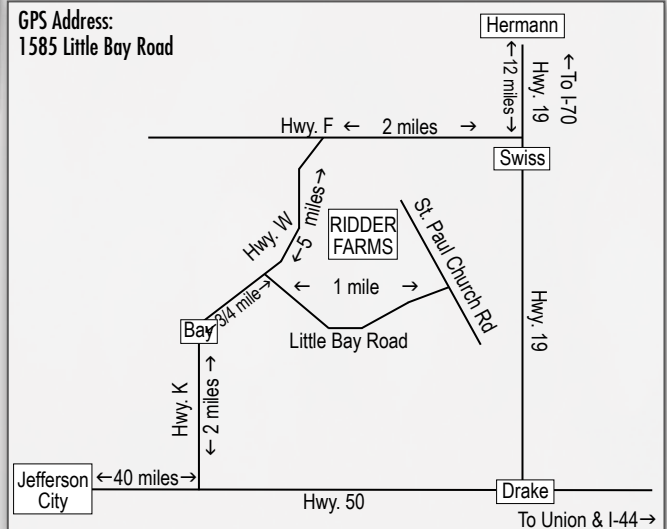

The Ridder family is not only proud of their cattle, but also of their Charolais family of friends they have made over the years! This means a lot to them as they continue to farm the land here for seven generations. Please come and be a part of this offering and fellowship with the Ridder's and their guests. If any of us can help you in any way with your plans to attend, please let us know.

Greg Hubert

OCTOBERFEST IN HERMANN!

Visit Historic Hermann on Friday night, Saturday or Sunday to help celebrate the area's German heritage. The traditional German celebration includes German food, music, arts and crafts, and beer gardens. Tour our local world famous wineries and sausage shops, the brewery and the Hermann Farm Museum.

GPS Address:
1585 Little Bay Road

RF MS STEALTH 557-FLUSH IN HER DAM SELLS!

• #964 is the first natural calf of 7515 (Lot 2) sired by WDZ Firemaker. Firemaker is the maternal sib to Firewater with the great Grid Maker as his sire. Like her dam she is equally impressive with her performance and carcass EPD profile. One of her daughters by Ledger will be a bred heifer feature in this sale as Lot 17, make sure you check her out. We sold 964s first daughter through this sale for \$4,000. Her latest daughter by Bohannon created quite a stir when she sold in our Online Sale this past spring for \$36,500! That female went to her first show at the Charolais Junior National this summer where she was selected as the 4th Overall Owned Female at the Charolais Junior Nationals for Whitney Walker as a fall calf. We are extremely excited about what this female can do! She will calve the middle of October and will be ready to flush in December we will take the first flush and the second flush will be ready for the purchaser probably around the first of the year.

- Three (3) embryos that are full sibs to the Lot 6 & 7 heifers.
- MCF Bohannon 305A x M&M Stealth 7515 Pld ET

• 7515 has been our long-standing donor that continues to have her calves at the top of every sale we have! She is sired by the Reserve National Champion DR Stealth and out of a daughter of the great Duchess 433 donor that M&M Charolais has had a lot of success with. We could go on for days about how great this donor is! Her WW, YW, Milk, Maternal and Scrotal EPDs are outstanding along with great carcass EPDs. In last years sale she had one of the top selling open females at \$9,000. In 2014 a bred heifer sold for \$7,000. In 2013 an open heifer sells for \$8,500 just after she had been reserve in the calf division at the Royal. In 2012 one of the top heifers to sell goes on to be National Reserve Junior Calf Champion at Ft. Worth! We sold a son of hers last fall for \$8,500. A son of hers RF Bocephus is currently your National Bull Calf Champion in Louisville as well as Bull Calf Champion at the Royal and in Denver. Another son by Ledger will highlight our Cattlemen's Kind Bull Sale in Oklahoma this fall. Her last 11 calves to sell at auction in the last few years have averaged \$6,528! This cow has clicked very well with whatever sire we chose to use on her. 7515 has always been a successful embryo producer. She will make you money! Trust us!

• Pay close attention to this show heifer and her sister Lot 5 across the page! They are sibs to the 4th Overall Champion Owned Female at the 2016 Charolais Jr. Nationals for Whitney Walker of Arkansas and the featured picture above Lot 1! The Walker heifer gathered a lot of interest before she sold and I believe these two deserve the same. These two heifers have already been out on the show road at the Missouri State Fair this past summer where they garnered Champion and Reserve Champion Calf honors. A full sib bull calf to 631 sold in our online sale this spring for \$4500 at 6 months of age. A maternal sib bull to 642 will highlight our bull sale this fall. The WDZ Firemaker dams of these two have been incredible producers in their young lives so far. I think a lot of both of these heifers and will leave it up to you guys to decide which one you think is better. All I know is that both of these heifers are sure to have a bright future ahead of them. Also note that this heifer is a maternal sister to the \$10,000 heifer that Tyler Davis in Arkansas purchased out of our 2013 sale-RF Ms Duchess 202 P whose daughter sells as Lot 4 and this heifer is also a maternal sister to the featured bred heifer that sells as Lot 28.

• Here is exactly the reason why we keep a flush in all open and bred females that sell in our sale. Not too often do we go back and exercise that option but since we always sell from the top of the program we occasionally like to be able to get back into certain genetics and continue to build our program. Before Lot 4s dam sold for \$10,000, I knew I would be going back to get a flush out of her to keep building on this cow family and thought it was a pretty simple decision to flush her to our National Champion Bull. 6012 is another powerfully constructed Bohannon daughter that should have lots of friend on sale day. Lot 3 is a maternal sister to the dam of this heifer.

Here is the other sib to the Whitney Walker heifer that we sold for \$36,500 in our online sale and then went on to the 2016 AIJCA Jr. National and was a National Class Winner, the Division Champion and the 4th Overall Champion Owned Female! Both this heifer and her stall mate have already been out on the show road at the Missouri State Fair where they were the Champion and Reserve Champion Calves. A maternal sib bull to this heifer will highlight our bull sale this fall. Both this heifer and the Lot 3 heifer will be competitive in many show rings and will probably flip-flop throughout the show season if they run up against each other.

M&M Ms Stealth 7515 has been a long standing donor for our operation for several years. Her calves continue to rise to the top of every sale we have. She is featured in the Lots 1 & 2 to start off this catalog. These two full sisters are no exception being sired by the National Champion Bohannon and out that great donor. A full sister was our high selling open female in last years Family Values Sale at \$9000. These two heifers are also full sibs to RF Bocephus 5027. He is your current National Bull Calf Champion in Louisville as well as Calf Champion at the American Royal and in Denver and will be back out on the show road this fall. Mid Continent Farms sold a full sib to these heifers last fall for \$7500. 6102 & 6108 are both younger than most of the sale offering of opens but are both correct, stout in their design and made nice up through their front one-third of their bodies.

- Look here! This is a full sister to the Nancy female that sold in the Girls Gone Wild Online Sale this spring to the Behrends Family in Texas for \$7,750. Bohannon on this cow family has proven to work every time. When talking about cow families, everyone in our breed knows about the Nancy family and how consistent that family is for producing great show heifers that go on to make even better momma cows. Her dam is a full sister to a past Show Female of the year who was then the Show Dam of the year a few years later. Maternal sister to the Lot 63 cow. Bid with confidence in this proven cow family!

- This heifer is a daughter of the Lot 63 brood cow in this catalog. As I discussed in her dams footnotes, this heifer comes from a great cow family. Being sired by SCR Bronco 9036; the herd sire for Lindskov-Thiel and Wild Indian Acres, should only enhance the kind of cow she will be. 646 has impressive growth EPDs and a TSI in the top 20% of the breed. I will probably regret letting this phenomenal cow prospect leave the farm!

- This percentage composite heifers dam is 3G Cowgirl Xquisite the \$50,000 donor dam from the Utopia Genetics Dispersal. In that same dispersal sale her Quiet Riot daughter topped the open heifer division at \$15,000 and prior to that two other daughters sold for an average of \$12,000! This heifer is sired by a Red Angus bull. This cross worked extremely well as 1S is built about as nice as you could ask one to be built while still maintaining a maternal cow look. I project this female to really stand some competition as a big bred heifer in the composite shows.

• Here are the first calves out of the \$44,000 half interest Resource that we have offered up for sale and to say we are excited about these things is an understatement! These two heifers are big bellied and correct in their structure. What really excites me is the way these two females come high out of their shoulder junction into their long goose frontends. A maternal sib to 633 sold as one of the better bred females a couple of years ago to JVS in Louisiana for \$4500. 633 goes back to one of the longest lineages of cow families we have built around here and has produced a lot of great females. This will be the third year in a row that 636s dam has had an open heifer make the sale. Her dam 1043 has been very consistent with her calves. The last two sold into the Ahmann and Satterfield programs. I think these heifers are very similar in their type and kind and can go out and do big things in the show ring and in the pasture. A maternal sib to Lot 12 sells as Lot 22.

• Another powerful daughter of the National Champion Turton and out of another great donor dam of distinction ACE Ms Bud 2419 ET. #2419 is a full sister to SCC Ms Bud 418-1128 ET, who has 114 progeny registered at AICA and many of which have won big shows and sold for even bigger bucks! Ms Bud 2419 has produced 54 registered progeny many very successful for the Gall family in Nebraska. We sold a maternal sib to this heifer in 2011 for \$4,800 to Matt Loggains. A full sister to this heifer was Junior Champion Female at the 2016 Nebraska for the Gall family.

• Where do you start to write footnotes about a heifer that is a full sister to more National Champions than any one single mating in history! She is a full sister to Firegirl, Ivory Angel, Rapid Fire, Bomshell, Turton, CC TR Adalina and the current AIJCA Jr. National Reserve Grand Owned Heifer-SULL Impressive Fire for Kathy Lehman! Ridder Farms will retain a 50% embryo interest in this great young heifer to keep that genetic power in their herd, but at the same time share with you the same genetics. Ridder Farms had always planned on keeping this heifer and making a donor out of her, but she is too good for someone not to show, so we will RETAIN a 50% Embryo Interest in this genetic giant!

EPDs:

- Due to calve on February 17, 2017 to WC Doubletree 2009 P and safe in calf with a heifer calf pregnancy.
- Well here she is! This is an extremely hard female to part with but we want to offer up the best of what we have and thus she becomes available. 456 is a maternal sib to the 4th Overall Champion Owned Female at Jr Nationals for the Walker family RF Ms Stealth 557. This female is sired by the breeds hottest sire LT Ledger. She is destined for the donor pen for whoever is the final bidder when the gavel drops. RF Ms Stealth 456 is very broody and massive in her body shape and dimension. Another maternal sib sold in this sale in 2012 for \$4000 to Mallet Farms, this was the first calf off of 964. This is a cow family to tie into on sale day and her Doubletree heifer calf could easily pay for the whole deal! As usual we didnt breed on the fall borns as we held them over for spring breeding. A flush in her dam sells as Lot 1.

EPDs:

- Step back and take a look at the pedigree on this bred female. The amount of breed leading sires and donors are endless. She is sired by the multiple trait leader New Standard and out of the 7515 donor Lot 2 flush. Her EPD profile reads great putting her in the top 6% for WW, the top 7% for YW, top 5% for Milk, the top 1% for SC and MTL and the top 7% for TSI. Her carcass EPDs put her in the top 3% for CW and the top 2% for REA. The last 7515 bred heifer to sell in this sale brought \$7000 to Mallet Farms. This female puts a lot together in regards to phenotype, genetics and numbers!

- Observed bred on 5-20-16 to TR Mr Diablo 27422 ET and is safe in calf.
- This good five year old cow was bred in the Keppen herd in South Dakota and has raised some great calves. Her 2016 bull calf is a great one! She is correct, stout and has a well-muscled behind on her. Her sire TR Mr Diablo 27422 ET had a great show career, but is now making a name for himself with several daughters kicking it in the show ring.
- Presented by Mark Rickabaugh, Greely, Kansas (785-760-2497)

- Pasture exposed from 7-20-16 to sale date to Big Creek Master Chief 334 Pld.
- One of the hottest pedigrees in the breed today! The Hoodoo Slashers are popular throughout the business and the bottom side of Cigar, Duke 914 and the Creek Cut Cigarro 382 donor are well documented in the breed. This awesome female had a really good show career for TC Cattle. Her first calf TCCS Edie sold online for \$5,500 and she has her second calf beside her that looks to have an even better show road experience! Big Creek Master Chief is a Cooley Royce son that goes back to the National Champion Big Creek Angel pedigree.
- Presented by Thurnau Charolais Cattle Service, Doug Thurnau, St. Elmo, Illinois 618-604-4714
- **LOT 55A**-Polled heifer calf #1116, born: 5-16-16, BW: 75 lbs. sired by Big Creek Master Chief 334 Pld.

- She carries an ET mating due March 22, 2017 Sired by WC CCC Resource 417 P and out of a full sister to Thomas Ms Impressive 0641 - HCR Very Impressive Zoe ET 0641H (EF1150152).
- That's right you read it right; this purebred Sanchez daughter carries an ET calf inside of a powerful mating of the \$44,000 1/2 interest Resource out of one of the few full sisters to 0641 in the world! This Sanchez daughter has raised two very nice show heifer prospects of her own and TC was short on recip's the day they implanted embryos, she was in heat and they put an embryo in her. This ET mating is not easy to find anywhere in the breed, so latch on.
- Presented by Thurnau Charolais Cattle Service, Doug Thurnau, St. Elmo, Illinois 618-604-4714

•HERD SIRE PROSPECT!

•RF WIA Oak Ridge 5224 ET reads well with calving ease having a CE EPD in the top 15% and a BW EPD in the top 25% while still having growth with a YW EPD in the top 20% and a TSI in the top 9%. This guy had a tuff start in life, when his recipient dam had absolutely no milk! His weaning performance was crap, but after a change in life he has really come along gaining near 4 pounds a day to yearling weight. He is bred much better than his recip gave him in life. His dam was a many time show champion even as a cow/calf pair and comes from the popular Elvira cow family. The dam of this bull was the AIJCA Jr. National Champion and then she raised an AIJCA National Grand Champion!

•Due to calve on January 6, 2017 to CCC WC Resource 417 P and safe in calf with a heifer calf pregnancy.

•Lot 61 #908 is sired by a full brother to the trait leader JDJ Smokester. She carries good growth and carcass EPDs. 908 has had all females for us up until this year with one daughter selling for \$5,500 and going to Darrel Scott in Iowa and another selling for \$4,000 to Peoples Charolais here in Missouri. We have also retained a daughter for our herd. Her Resource heifer baby could be the best one yet. An Investment daughter sells as Lot 24.

•Due to calve before sale day to MCF Bohannon 305A, with a heifer calf pregnancy.

•Lot 62 #916 is a cow that has always been a favorite of mine and so was her dam who I had a lot of success showing. Ms Impressions is sired by Cooley Jordan and out of a daughter of the National Champion PF Impressed and she is a moderate made belly dragger. Originally she was going to be a sale feature open heifer (pictured) in our New Decade Sale in 2010 but right before the sale she badly sprained her front ankle and had to be removed from the sale. You can still tell she had an injury but it has never been an issue as far as how she gets around. We have bred this female both for club calves and purebreds. A son sold in the 2014 MCBA Fall Sale for \$4,400. If you like 'em moderate and cool made you need to look at this cow and I imagine her Bohannon heifer calf will be pretty nice as well.

EPDs:

- Due to calve February 17, 2017 to MCF Bohannon 305A, with a bull calf pregnancy.
- Her dam is a full sister to a past Show Female of the Year who also went on to be a Show Dam of the Year. This female is from the same great Nancy cow family and is a maternal sister to the Lot 8 open heifer and she has been a great producer to say the least. Her first calf sold through this sale in 2012 as the only bred heifer in the offering at \$7,500 to Darrell Scott in Iowa. Her second calf sells in 2013 as a bred heifer bringing \$4,750 to Wright Charolais. Her third calf sells in that same sale as an open heifer to the Owings family for \$4,000. We have also sold a son for \$4,250 and another is one of our better bulls for this fall's bull sale. Every one of her calves have been by a different sire so you can tell there is consistency in her genetics and cow power plus 917 has excellent carcass EPDs. Her daughter sells as Lot 9.

- Due to calve before sale day to RF Ledger 439 P with a heifer calf pregnancy.
- This cow family traces back to one of my first and best show heifers and the first cow we ever flushed. She is sired by the Stokers Ace bull that put a lot of good females in our herd, so much that we got away from using him as we had so many daughters but have went back and started using him again. This cow has two shots of Wyoming Wind and two shots of the Nancy cow family in her pedigree. We sold a daughter a few years ago to JVS & Bar J for \$5,250 and a son last spring into Oklahoma for \$4,750.

EPDs:

- Due to calve April 27, 2017 to RF Ledger 5014.
- A low birth weight cow, out of HCR Extra Edge, that has been very productive for us. The Strnad Family purchased a daughter in a past sale. Last spring we sold a son into Arkansas that brought \$5000. We currently use a son of hers to clean up on our recip cows. We have been keeping the top bulls to put back on our recip cows to make replacement females. A daughter sells as Lot 19 in this sale. Her service sire RF Ledger 5014 is our lead bull in our Denver Pen he is a LT Ledger 0332 son out of the great donor SCR Ms Turbo 7003!

EPDs:

- Open and ready to flush!
- This donor catches every visitors eye that comes past the farm, with her phenotype! Then the questions start about what is she and how is she bred and then they get even more excited! First lets study her pedigree. She is out of the trait leader JDJ Smokester and a Duke 914 daughter out of the great Agatha cow. Second lets look at her EPDs where she is top 5% for WW, top 15% for YW, top 1% for Milk, top 1% for MTL, top 3% for SC, top 15% for CW, top 1% for REA, top 1% for FAT and the top 25% for TSI! Third lets look at her production. Her first calf sells as a bred female (pictured) to Satterfield Charolais for \$5,000 through this sale in 2013 and he takes her home and raises a bull calf out of her that sells for \$10,500 in his sale last years bull sale and more than doubles his investment! Another yearling daughter sells that same year for \$3,000 to Steve Smith Charolais. We have retained a daughter as well. Then last fall her yearling bull by Ledger brings \$9,000 to Bobby Waitman in Oklahoma. It was after this calf that we put her into transplant. It doesnt take long to add all this up and realize that this is a power donor to build a program around! Ridder Farms will retain the right to one successful flush consisting of at least 6 embryos.

- Due to calve before sale day to MCF Bohannon 305A, with a bull calf pregnancy.
- Michelle is a moderate made, big sow bellied donor with a big square hip! She is cool to look at! She was the high selling cow at Wrights 2013 Female Sale for \$6,250. A daughter was high selling bred heifer in the same sale at \$6,250. We sold a son last fall for \$5,250 out of New Standard. We flushed her to Bohannon and have two really nice bull calves in the pen of bulls to take to the Denver Pen Show, they will be on display sale day. This power female has lots of friends in the club calf business as well as purebred Charolais breeders across the country. Her maternal great grand dam WCR Miss L06 5078 sold for \$24,000 during the Southern Cattle Company Mature Cow Herd Dispersal in 2002!
- Presented by Ridder Farms and Wild Indian Acres.
