## LETTER FROM THE SALE MANAGER:

*Charolais Friends,*

Despite all the best laid plans and perfect execution, sometimes life conspires against you. With the unexpected loss of rent pastures on top of an unforeseen drought situation, the Ridder Family has made the tough decision to disperse their mature female herd in two separate events.

This elite set of females have proven through production they have what it takes to produce banner winning females as well as world class herd sires. This bittersweet event marks the end of a chapter, but the book will continue to be written as this set of females are spread throughout the country.

I have had the pleasure of working closely with the Ridders over the last few years and this decision was not one they made lightly. They want it known "they aren't going anywhere." They intend to stay in the business and rebuild through a more intensive ET program focusing on the few donors they will retain as well as their established recip operation.

We invite you to evaluate this excellent offering of females and select set of herd sire prospects. Join us for an evening of cattle and camaraderie at Ridder Farms as we celebrate this chapter and the ones yet to come.

Here is a donor that has been very integral in building our program after being the high-seller in the Utopia Dispersal. Her progeny continually rise to the top of our sales year after year. Daughters have sold all over the country to very reputable programs. Daughters pictured sold for \$7,000 and \$8,250. With over 50 progeny registered to her at AICA, she has been used successfully for purebreds as well as club calves. She stamps her calves with long, high tying neck attachments and a big square hip structure. With our next generation of donors taking center stage, we are not able to utilize her the way she deserves. She still flushes well but we don't

recommend her carrying a calf. Averages close to 9 embryos per IVF aspiration. Top 25% CE, Top 30% BW, Top 20% WW, Top 35% MCE & CW and Top 3% MARB.

Quickly making a name for herself as a young donor that just flat out works, her progeny continue to top the Ridder Farms online open heifer sales and the annual production sale. Duchess calves share a stylish shape and look, stout features, and big middle. Full sib matings to this pregnancy have earned their rights to the backdrop including RF Duchess 9202, an Outsider x 631 campaigned at the highest level by Lyndsey Franklin and her family last year as a senior yearling.

Force of Nature is exactly that. He is one of the coolest built, smooth and boldest bodied, and biggest haired Charolais bulls I've set eyes on. Seamless in his transition from each third, bold and square in his muscle pattern, he's a level hipped Charolais sire that still tacks on an exquisite neck attachment and striking front third that the show ring so desires. An absolute meatwagon that can flat out get out and go when set in motion. Sired by the past Wright Charolais and Cody Cattle Company high seller, Redemption, who is taking the breed by storm. Backed by a Supreme World Champion, and full sister to Outlier, out of the infamous Berkly, has been straight up dominant in her campaign across Canada. If you have a northern friend, chances are, you've heard them rant and rave about this Supreme Champion Female at Agribition. Get in early on what's sure to be the next go to sire in the Charolais Breed. Semen ships from Nichol's Cryo Genetics, Iowa.
